College of Basic Sciences

**COMPUTER
INTENSIVE
ORIENTATION FOR
STUDENTS**

The LSU Department of Computer Science is hosting a 5-day intensive orientation program for incoming Computer Science students. The orientation provides an introduction to the computer science department and a first look at the computer science curriculum. Additionally, the orientation will offer a broad overview of elementary computer science concepts and basic math skills. The participants will be intensively engaged in hands-on programming activities through the duration of the program. The participants will also have the opportunity to engage and interact with the world class faculty from the Computer Science Department. The LSU Career Services and the Center for Academic Success will also be actively involved in providing guidelines on how to establish a foundation towards becoming a successful Computer Science Professional.

Program Cost : \$450, Plus \$150 for housing if needed (*Financial Aid Available*)

Program Dates : August 10-14, 2009

Eligibility:
Incoming CS Freshman students

Priority Deadline for Application:
May 1, 2009

Phone : 225-578-1497 **Fax:** 225-578-1465
