

Final Project Demo (Extra Credit) CS325 - Fall 2021

As extra credit for 5 points, your team can create a video demo of your project. When preparing these videos your goal should be to explain the problem, your solution, and the features of your tools. In the following, you will find the necessary resources for preparing your video demo.

Deadline: December 16, 2021, 11:59 pm.

Submission: One member from each team needs to submit your video file via email to the teaching staff.

Video format: MP4

Resolution: 1080p is preferred. Otherwise, you can use 720p.

Duration: 3 to 5 minutes maximum.

Instructions:

Your video must contain:

- a clear statement of the problem,
- the suggested solution, and
- a demonstration of the tool you created as a part of your solution.
